

Jude Skrzat

OBJECTIVE

Junior software engineer with strong experience in C++ and data structures. Passionate about problem-solving and eager to contribute to collaborative development teams.

SKILLS

C++

JavaScript (Familiar)

Python

C#(Familiar)

Object Oriented Programming

Next.js (Familiar)

LEADERSHIP

Varsity Esports Team
Member, Kent State

ADDRESS

2185 Canterbury Cir,

Akron OH, 44319

PHONE

215-767-2468

EMAIL

jkskrzat@kent.edu

LANGUAGES

English (Fluent)

Chinese (Proficient)

EXPERIENCE

Choose Ohio First Scholarship Conference — Scholar | 2025 - Presented a research poster on Fully Homomorphic Encryption (FHE). - Explained complex cryptographic concepts to both technical and non-technical audiences. - Gained experience in public speaking, technical communication, and professional networking.

EDUCATION

Kent State University |

BS Computer Science — Expected Graduation: 2027

PROJECTS

Personal Project – Collapse (JavaScript & HTML & CSS) | 2025

- Collaborated with a small team to develop a platformer game where players control a custom character to dodge obstacles.
- Implemented core gameplay mechanics, including movement, collision detection, and obstacle interactions using JavaScript and HTML.
- Contributed to game design, testing, and ensuring smooth, responsive gameplay.
- Worked closely with teammates to integrate graphics, animations, and user interface elements.

Assembler — Kent State (C++) | 2024

- Implemented the logic for a simplified assembler in C++ (professor provided interface).
- Parsed assembly instructions and translated them into machine-level representation.
- Used data structures and algorithms to manage symbol tables and instruction processing.

BigInt — Kent State (C++) | 2024

- Implemented a BigInt class in C++ to handle arbitrarily large integers (interface provided).
- Developed operator overloading for arithmetic operations.
- Focused on memory management, efficiency, and correctness.
